### **Anne Aguiléra**

Public works civil engineer

Anne Aguiléra is a public works civil engineer and has a doctorate in transport economics from Lyon 2 University. She is a researcher and director of the Laboratoire Ville Mobilité Transport (LVMT), jointly run by Gustave Eiffel University and the Ecole des Ponts - Institut Polytechnique de Paris. She is interested in mobility practices in urban and suburban areas, and in particular the effects of teleworking, e-commerce and the digitalisation of transport.
