

1.

Nicolas Senil (Geographer)

Nicolas Senil is a research engineer at the Pacte social science laboratory at the Grenoble Alpes University and based in its Ardèche branch, Cermosem. A doctor of geography, he focuses on the question of resources and territorial identity, on the making of innovations and transition processes and, in recent years, on exploring the transformation of public policies, keeping the concept of re-appropriation as the common thread to his research.
