Florent Demoraes

Geographer

Florent Demoraes is a research professor in geography at Rennes 2 University, and a member of the ESO laboratory (UMR 6590 CNRS). Currently at the IFEA as a CNRS delegate, he co-directs the ANR Modural project (2020-2023) on sustainable mobility practices in Bogotá and Lima. His research focuses on spatial mobility, as well as on residential segregation and social inequalities.
