Elodie Loubresse

Chercheur en sciences de gestion

Elodie Loubresse is a university lecturer at the Université Paris-Sud and a member of the Réseaux, Innovation, Territoires et Mondialisation (RITM) laboratory. Her research focuses on interorganisational relations, particularly collective strategies, competition within clusters and interclustering. She also studies mobility politics within organisations, and the role organisations play in the regulation of mobility.

Projects with the Forum

Expatriation, relocation and remote work: how do companies organize professional mobility?

Bertrand Sergot, Denis Chabault, Elodie Loubresse
