Lifestyle and Mobility : what aspirations for the future ?

Chapô

Our lifestyles must greatly change in the future in order to be sustainable, but how to make them desirable? To answer this question, the Forum Vies Mobiles launched an unprecedented international survey on aspirations linked to future lifestyles and mobility. The survey explores pace of life, travel conditions and frequency, work location and duration, ties with family and potential changes due to environmental degradation. The Forum revealed the key results in a conference on June 21, 2016, in Company of Philippe Moati, co-founder of ObSoCo, and film critic, Xavier Leherpeur.
