Léandre Guigma

Architect and urban planner

Léandre GUIGMA is manager of PERSPECTIVE, an architecture and urban planning agency based in Ouagadougou, and a doctoral student in urban studies at the University Paris 8 Vincennes Saint-Denis. His research and expertise focuses on the development of Ouagadougou's so-called "unplanned" working-class neighborhoods and the actors involved. He is also working on the design of urban planning and development tools for several cities in Africa, notably Burkina Faso.

Projects with the Forum

Rethinking the sharing of urban traffic areas: the case of Ouagadougou
