Benoit Feidel

Planner

Benoît Feidel - is a lecturer in urban Planning and Development (University of Rennes 2), and a researcher (UMR ESO). His research focuses on the sensory and affective relationship to space, and he focuses mainly on peri-urban areas. He co-directed the thematic review: “Les sens des circulations : les sens vécu, objectivé et pratique des mobilités spatiales” (RTS, Vol.30, n°2-3).
