Arnaud Le Marchand

Économiste

Arnaud Le Marchand is an economics lecturer at the University of Le Havre. His research focuses on urban economies in the context of globalization, port cities, mobile employment, minority groups and the mobile habitat. He contributes to *Multitudes* magazine and is a member of the TERRA scientific network. He is also the author of *Enclaves nomades – Habitat et travail mobiles*, published in 2011.

Projects with the Forum

Is it possible to know how many workers live in mobile housing?
